PROFESSIONAL SUMMARY

MCA graduate skilled in Python, SQL, Power BI, and data analysis, with hands-on experience in academic projects. Completed Deloitte Australia's Data Analytics simulation. Seeking an entry-level Data Analyst role to apply analytical skills in a data-driven environment.

SKILLS

Technical Skills: Python, SQL, Power BI, Microsoft Excel

Development: Flask, HTML, CSS, JavaScript

Soft Skills: Analytical Thinking, Problem Solving, Communication

PROJECTS

E-Commerce Sales Dashboard | *Power BI*

- Developed an interactive dashboard to analyze revenue, orders, and product performance using key business KPIs.
- Created visualizations for sales trends, regional analysis, and category-wise metrics with dynamic slicers and filters.

City Spectra — Urban Data Visualization | *Python · Flask*

- Built a full-stack Flask web app with Matplotlib dashboards to visualize urban data across 5+ categories.
- Designed data pipelines to process and display structured datasets for actionable city-level insights.

Personal Portfolio Website | *HTML · CSS*

- Built a responsive, cross-device portfolio with interactive features to present projects and technical skills.

WORK EXPERIENCE

Business Development Intern · *Across The Globe (ATG)*

Jan 2025 – Mar 2025

- Conducted market research to identify business opportunities; supported lead generation and client communication.
- Created data-backed presentations and proposals; collaborated with multicultural teams on strategic initiatives.

Motion Graphics Intern · *Easy Shiksha*

Dec 2022 – Feb 2023

- Designed motion graphics in Adobe After Effects for e-learning content; enhanced post-production visual quality.
